The following expectations and guidelines will be adhered to during the Grade 5 Basketball season. Please see the complete rules for more details.

Expectations of Play and Conduct

The development of athlete skills and focus on fair play are vital for young athletes learning to play basketball. Mastering those fundamental skills enhances their individual and team performance and fosters self-discipline and strong work ethic as a young athlete. At the same time, emphasizing fair play instills a strong sense of sportsmanship and ethical conduct and play, which in turn begins to shape students into well-rounded individuals that carry life skills for success on and off the court.

This shared purpose needs to be communicated effectively and constantly and embodied by coaches, referees, spectators, and school staff. This means the competitive nature that comes with sports takes a back seat when it comes to fair play and sportsmanship. Communication is important for all those involved in the sport.
